CRMC HOSPICE TO OFFER “SURVIVORS OF SUICIDE LOSS” GRIEF SUPPORT PROGRAM

Cherokee Regional Medical Center Hospice is offering "Survivors of Suicide Loss", a ten-week education and support class on Wednesdays, April 3rd through June 5th, 2019.

This program is for adults who have lost a loved one to suicide. The class is designed to help survivors express and understand the powerful grief they experience, in a safe place with others who have also lost a loved one to suicide. The class is appropriate for those whose loss is recent and those who have been struggling with their grief for an extended time without support. It is recommended that the death must have occurred more than three months prior to attendance.

The group will meet from 5:30- 7:00 p.m. in the CRMC Home Choice, Hospice, and Public Health Office located at 1000 South Second Street in Cherokee. The Survivors of Suicide Loss program is offered as a community service of CRMC Hospice at no cost to participants, however, **group sizes are limited**; RSVP and questions can be directed to CRMC Hospice at 712.225.6459.
